

# PLASTIC-FREE DAY

TO CELEBRATE THE BIRTHDAY OF SIR DAVID ATTENBOROUGH, WE WANT TO RAISE AWARENESS OF THE AMOUNT OF DISPOSABLE PLASTIC WE USE IN OUR EVERY DAY LIVES BY REFUSING SINGLE-USE PLASTIC FOR A DAY.

Get involved!

A day dedicated to our **environment** and **ocean health**. **ONE** day that may lead us to **MORE** days refusing single-use plastic, combatting litter and making **sustainable** choices **EVERY** day!

Here are some ideas...

1. All children and staff to go **single-use plastic free** for the day (lunches/lunch boxes, drinks)
2. Hold an **assembly** focussing on **plastic in the environment**
3. Create **posters or artwork** about ocean health and the impact of plastic in the environment
4. **Write letters**, either to local and central government, MP's manufacturers and retailers requesting that more action is taken to **combat** the production, use and waste of single-use plastics all around us
5. Run a **litter pick**
